Message from the Principal ...

Dear students and colleagues,

“You can cut all the flowers but you cannot keep spring from coming.” Pablo Neruda

My heartiest congratulations to the entire team for the successful completion of the first half of the academic year 2023-2024. The first part of the year has been eventful. Our students were provided with innumerable opportunities to exhibit their innate talents by participating in various inter-school competitions and bringing laurels to our school. I would like to congratulate those ten students who won gold medals and certificates of merit in the inter-school art competition this month.

Dear students, you have done very well in the Half Yearly Examination which was conducted in September. Although most of you have done exceptionally well in the examination, still a few of our friends need to strive hard to meet their potential with their sincere efforts.

We cannot change the past but if we resolve to face all challenges now, we can create a future as resplendent as the hues of the rainbow. Spare a glance at the horizon it is full of promises. No matter what the situation is, never let your emotions subjugate your perspicacity. We don't develop courage by being happy always instead we develop it by enduring difficult times and challenging adversity. You should remember it is absolutely pointless to despair, as that will only make us victim of this unparalleled situation.

Do not drift away, keep sailing. Stay tuned in with life as Spring is round the corner.

The coming months will be full of academic activities and co-curricular programmes which are designed to shape you up and grow to be all round personalities. I wish that you all participate in all these activities and programmes with vigour and enthusiasm to project your best and achieve laurels to yourselves and to the glory of your institution.

With best wishes

P. Eskalin Gonsalves

Principal

*Common assemblies conducted on the value of
'Justice'*
